

"Father finds Dr. Miles' Anti-Pain Pills the best"

medicine for rheumatism that could be found. They have done him more good than anything ever tried. We are never without them for we find them so excellent in so many ways, for so many things, especially for headache and rheumatism. Dr. Miles' remedies are so positive one always knows they will do good."

Marie A. Harris,
South Downing St., Piqua, Ohio.

Dr. Miles' Anti-Pain Pills

Rheumatic pains, especially in chronic cases, often cause the most intense suffering, but Dr. Miles' Anti-Pain Pills seldom fail to give relief. Why suffer when relief is within easy reach?

AT THE MECCA

Will have "The Passion Play," on Christmas day. You should see this as it is one of the greatest productions ever given.

Possibly some one will want to know more about the "Passion Play." The following explanation is secured from the International Cyclopaedia:

"In 1633 villagers of Oberammergau, in the Bavarian highlands, on the in cessation of a plague which desolated the surrounding country, had vowed to perform every tenth year the Passion of our Saviour, out of gratitude, and as a means of religious instruction, a vow which has ever since been observed.

"This, perhaps, is the only mystery or miracle play which has survived to the present day. The personator of Christ considers his part an act of religious worship; he and the other principal performers are said to be selected for their holy life and consecrated to their work with prayer. The players, about 500 in number, are exclusively villagers. The acts alternate with tableaux from Old Testament and choral odes."

Admission: Children 5c; 5 to 15 years, 10c; adults, 15c. Don't fail to see this. First show at 2:30 p. m.; second one at 7:00 p. m.

The recital Friday night in the court house by the music pupils of Miss Beulah Kirkpatrick was one of the most pleasing entertainments furnished our people for many months. Quite a number of her pupils from Monterey were present and assisted. Miss Kirkpatrick demonstrated in unmistakable terms that she is not only a skillful pianist but is a very capable instructor as well. The ability of Miss Kirkpatrick was not unknown and as a result the house was filled to more than its seating capacity in spite of the night being rainy and bad. The splendid manner in which all the pupils carried out their parts was a very strong evidence that a capable hand had directed them. The recital was given at Monterey Monday night and several students from here assisted. It was a marked success in every way.
